

Solar Water Heating Grant Application Form

Maryland Solar Energy Grant Program

Applications must be filled out completely, signed and accompanied by the Pre-Qualification Form, and the required supporting documentation. Applications will be accepted by MEA beginning January 3, 2005 and ending March 15, 2005.

A. System Type Residential___ -or- Nonresidential___ (check 1)

Collector type: Flat plate___ Vacuum tubes___ Other___

System type: Closed loop___ Drain back ___ Other___

B. Applicant Information

Name: _____ Organization: _____

Mailing Address: _____

City: _____ State: Maryland Zip Code: _____

Street Address (if different from above): _____

Phone #: Day _____ Evening: _____ Email: _____

C. Solar Water Heating System Information

Solar water heating system proposed location (roof, ground, wall, other) _____

Proposed Collector Size _____ Square Feet

Proposed Tank Size _____ Gallons

Circulator Size _____ Watts

Proposed Installation Date: _____

D. Grant Calculation

Proposed Cost of the System (A copy of an itemized and signed contract, purchase order or letter of intent must be enclosed with this application):

D1. Total System Cost: \$ _____

D2. Minus Other Incentives: - _____

Net System Cost: \$ _____

D3. Times 20% * 0.2 _____

- or-

D4. Maximum \$ 2000

D5. Grant Request \$ _____ (The lesser of lines D3 and D4)

Additional Solar Water Heating System Information

E.1. Briefly describe the proposed solar water heating system including information regarding collectors, storage tanks, installers and any other pertinent information already compiled at the time of application (Attach an additional page if necessary).

E.2. Please provide an assessment of the exposure to sunshine at the site of the proposed project: (Check one only).

Excellent Good Fair Poor Don't know

Please provide a brief description of your assessment of the exposure to sunshine at the project site:

If there is shading on the collectors at any time of year between 9:00 a.m. and 3:00 p.m., please enclose a shading analysis for the proposed installation site.

Please indicate the best times during weekdays for a site visit.

F. Progress of the Solar Project.

Please assess your progress in developing your project.

All issues have been addressed, ready to install system

Most issues have been addressed, installation likely in the near future

Fair progress with some issues, considering a project

Little to no progress with most issues, may consider a project

G. Applicant's Signature

I intend to install a solar water heating system for my building. I affirm under penalties of perjury that I own the building for which I am applying, and the contents of the foregoing application are true to the best of my knowledge, information, and belief.

Signed _____ Date: _____

Submit this application, the Pre-Qualification Form and required supporting documentation as soon as possible beginning **January 3, 2005 and no later than March 15, 2005 to:**
